Message from Mrs. Faley

Welcome to the 2023-24 school year! I hope you had a safe and relaxing summer break and are looking forward to the start of the school year. Our office and maintenance staff have been very busy over the summer, so you'll notice a few changes when school begins.

We will be welcoming several new staff members. Our new fourth grade teacher, Alicyn Morrell, recently moved to the area from Scottsdale. She has two years of teaching experience in a Montessori classroom. Aisel Gaviola will be teaching fifth grade. Mrs. Gaviola is moving to the area from the Philippines, where she has been teaching for the past fourteen years. Dana Brothers will be teaching middle school ELA. She moved to the area from Washington and is living in Huachuca City. Finally, we will be welcoming a new speech therapist, Karen Parkey. Mrs. Parkey lives in the area with her family and is coming out of retirement to support our students and families. I'm excited about the experience and energy that each of our new teachers will bring to our community of learners.

As you know, we received grant funding for a full-time school nurse for the 2022-23 school year. Our school nurse, Kathe Prentice, was a tremendous asset to our school and to the community. Thankfully, the grant was extended for the 2023-24 school year and Ms. Prentice will be returning.

As always, keeping your children safe on campus is our highest priority. Over the summer the fencing and gates on campus have been replaced, our camera system has been updated and we will be implementing a new emergency alert system in conjunction with the Santa Cruz County Sheriff's department. In addition to providing additional security, the fencing will allow community access to the playground after school hours, while preventing access to the rest of campus.

Triad Wireless has completed the Final Mile Project, providing fast and affordable internet service to community members. While Triad Wireless will provide service to anyone in the community, the mission of the Final Mile Project is to ensure that Elgin Elementary Families are able to access the internet for educational purposes. Please feel free to reach out to me if you have any questions regarding this program.

Finally, we are working with an architect to convert Room 14 into an Early Childhood Center. This work is being funded through a grant from the Santa Cruz County Superintendent's Office. Plans for the project will be finalized during the 2023-24 school year, with construction taking place next summer.

I look forward to meeting our new families and seeing our returning families at our meet the teacher night or when school begins.

Alicyn Morrell – 4th Grade

My name is Alicyn Morrell and this is my fourth year as an Elementary grade level teacher. I earned my Bachelor of Science in Special and Elementary Education from Northern Arizona University. I also hold a Montessori Teaching Certification as I have taught in a Montessori classroom the past two years.

My favorite part about my education and teaching experience is the opportunity I was given to work with a wide variety of age and grade levels, from Preschool to 12th grade. Through my journey I have learned not only a lot about how each individual child learns and grows differently, but also about my intentions as a teacher. My intentions this school year are to guide and support your child in a very positive, loving and nurturing way, using a variety of different teaching strategies, in order to reach the level of success and for them to have the support and security to be who they were meant to be.

Outside of school, I like to enjoy my time outdoors up north in cooler weather. My family has a cabin in Munds Park and I love to go off – road in our ATV, and ride my dirt bike with my brothers in the forest. I am very adventurous and love relaxing on the lake as well. I also love dogs and I love food, tacos being my absolute favorite. I am so excited and look forward to this new and bright school year.

Aisel Gaviola – 5th Grade

Aisel Gaviola has been teaching for 14 years and holds of Bachelor of Elementary Education, majoring in English, as well as a Master of Education in English Language Teaching. Ms. Gaviola has taught at various grade levels, with class sizes ranging from small to large, handling all general education subjects. In addition, participating in different in-service trainings and professional development and engaging in collaborative works with co-educators has helped hone and develop her classroom management skills, acquire knowledge on innovative teaching strategies, and exhibit a cheerful and optimistic attitude toward her learners. Her ultimate belief as a teacher is that “No learners should be left behind” and that every child has unique individualities and potentialities that every adult must be able to lead and guide.

Dana Brothers – Middle School Language Arts

Dana Brothers is an artist, educator, and animal lover who has a passion for sharing knowledge with others. She brings over 20 years of experience in a variety of teaching and education arenas, both inside the classroom and out in the community at large. Additionally, Ms. Brothers has a background in medicine, both human and animal. Initially planning to obtain her veterinary degree, she worked for veterinarians all through college and graduated with a Bachelor of Science from U.C. Davis. After an ostrich kick broke her femur, Ms. Brothers shifted gears and began working in cardiac and stroke rehabilitation, then segued into an outreach and education management position at a hospice agency. After spending three years teaching English as a second language in southern Spain, Ms. Brothers returned to the US and continued to work in the medical field. She later relocated to be closer to her parents, learned to weld from her father, then subsequently developing a successful metal art business that she sold after 10 years. Currently, Ms. Brothers is finishing her master’s degree in social work and hopes to eventually combine her education and experience, merging those skills while working with children in art and animal therapy. She lives with her family in Huachuca City and is excited to be joining the Elgin School team.

Health Office

The office staff oversees the Health Office under the direction of the school nurse. The Health Office is located in the Main Office and provides services for health incidents and emergencies occurring during school hours. If you need urgent care or doctor services, please contact your family physician.

Your child should not be in school if he or she has a fever, rash of undetermined cause, vomiting or diarrhea, conjunctivitis (pink eye), chicken pox, impetigo, ringworm, or head lice unless they have been treated medically or are symptom free. A child who has vomited, has had diarrhea or a temperature of 100 F° or greater will be sent home. Additionally, your child should remain fever free for a period of 24 hours prior to returning to school without taking fever reducing medications.

Student emergency information is kept in the office. The information is used to contact parents or designated adults if an emergency arises. Most calls are made simply because the child is feeling ill and needs to be sent home.

**Parents should be aware of the importance of the emergency contacts and phone number section of the emergency information*

form. These are the people called in the event of an emergency when parents cannot be reached. It is imperative that the school office be informed of any changes in address, phone number, parent's employment, guardianship, and emergency numbers.

If your child needs to take prescription medication at school, it is necessary for the parent to sign a consent form. These forms are available in the Health Office or on the website at <https://www.elgink12.com/Health-and-Wellness>.

**Prescription medication must be in the original, labeled container as prepared by a pharmacist and include: patient name, name of medication, dosage, and time to be given. Over-the-counter medications must be in the original packaging, with all directions, dosages, compound contents, and proportions clearly marked. A signed physician's statement indicating the necessity must accompany any request for administration of over-the-counter medicine. A parent or guardian must personally deliver medications to the health office.*

**DO NOT SEND MEDICATIONS IN
